RATAN CHAURASIYA

Full Stack Developer • Data Analytics & AI Specialist

Ahmedabad, Gujarat, India | +91 63900 35039
ratanchaurasiya61@gmail.com
ratanchaurasiya-github-io.vercel.app | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Full Stack Developer & Information Technology student with hands-on experience in architecting scalable web applications, responsive interfaces, relational schemas, and data pipelines. Proficient in React, Next.js, Node.js, Express, MySQL, MongoDB, Python, and Technical SEO. Currently working as **SEO Intern at Advaitya Projects** and administering the **Desktop Locker System**, combining strong computer science fundamentals with practical software engineering, clean code architecture, and problem-solving.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+), TypeScript, Python, C, C++, Java, PHP, SQL (MySQL), HTML5, CSS3
Frontend:	React.js, Next.js, Tailwind CSS, Bootstrap, Three.js, GSAP, Framer Motion, Responsive UI
Backend & APIs:	Node.js, Express.js, RESTful APIs, NextAuth.js, JWT Authentication, API Routing
Databases:	MySQL, MySQL Workbench, MongoDB, Firebase, Relational Database Modeling & Normalization
Data & AI:	Python (NumPy, Pandas, Matplotlib), Power BI, Excel Automation, Generative AI APIs
Tools & DevOps:	Git, GitHub, Docker, Postman, Vercel, Render, Linux, Figma, Google Search Console, Google Analytics

WORK EXPERIENCE & PRACTICAL ROLES

SEO Intern — *Advaitya Projects*
Ahmedabad, Gujarat | Sep 2024 – Present

- Driving organic search visibility, technical SEO audits, site crawlability, Core Web Vitals, and JSON-LD schema markups.
- Conducting keyword research, competitor gap analysis, and content optimization to improve Google rankings and traffic.
- Tracking analytics via Google Search Console and GA4, resolving indexing issues and analyzing user performance.

Administrator & Systems Contributor — *Desktop Locker System*
2024 – Present

- Administering user access management, role privileges, authentication policies, and 24/7 system uptime.
- Managing relational schemas in MySQL Workbench; validated local vs. cloud database persistence with zero data loss.
- Conducting root-cause debugging across multi-tier backend routing and database transactions.

TECHNICAL PROJECTS

Evoniq ERP — Unified Enterprise SaaS Operating System
React • Node.js • Express • Cloud SaaS

GitHub: github.com/Ratanchaurasiya/Evoniq

- Architected a unified enterprise cloud SaaS platform centralizing CRM lead management, sales workflows, project operations, and real-time analytics for real estate and engineering firms.
- Built modular responsive dashboards in React and engineered scalable REST API gateways for multi-tier business workflows.

Employee Asset Management System (EMP Dashboard)
React • TypeScript • Node.js • Express • MySQL

GitHub: github.com/Ratanchaurasiya/EMP-Daishboard-

- Designed an enterprise IT hardware lifecycle platform managing employee records, desktop/laptop allocations, SIM inventory, returns, and maintenance service tickets.
- Implemented normalized MySQL relational database schemas ensuring data integrity across asset assignments and repair logs.

EDUCATION

Silver Oak University (SOCET) — *B.Tech in Information Technology*
Ahmedabad, Gujarat | 2023 – 2027

- **Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems (DBMS), Cloud Computing, Computer Networks, Web Technologies, Software Engineering.

CERTIFICATIONS & ACHIEVEMENTS

- **Elite: Cloud Computing** — NPTEL, IIT Kharagpur (Score: 60%, 12-Week Proctored Exam)
- **Power BI for Business Applications** — Microsoft & FICE (20-Hour Completed)
- **JavaScript Certification** — IIT Bombay Spoken Tutorial (Score: 77.50%, 2 Credits)
- **Data Analyst 101** — Simplilearn & Microsoft (Data & SQL Pipelines)
- **Elite: OOP Fundamentals** — NPTEL, IIT Roorkee (Score: 61%, 4 Credits)
- **Artificial Intelligence Fundamentals** — IBM SkillsBuild (Verified Credly)
- **Microsoft Copilot Generative AI** — Microsoft & FICE (35-Hour Completed)
- **College Ambassador** — Techfest, IIT Bombay (Asia's Largest Science & Tech Festival)
